## A TROOP

## RUN

## BY BOYS

## FOR BOYS

Being a Boy Scout is unique.

Scouts are one of the few organizations for youth where the adults are not “in charge”.

Troop 99 has made this the cornerstone of the scout experience.

Our boys manage and control all aspects of troop operations from running meetings to meal planning.

Our adult staff provides guidance to the Scout leadership so that they can accomplish the goals they have set for themselves and the Troop.

If you are looking for an environment that challenges boys to learn what it takes to be self sufficient, have personal confidence and develop the skills needed for success then we have a program for you.

## A STRONG

## COMMITMENT

## TO ALL ASPECTS OF SCOUTING

Our Troop works all parts of the scouting program. Naturally the outdoors is a big part of the program but we do not stop there.

Advancement, Personal Growth and Responsibility, Community Service, and Citizenship are emphasized in our programs and activities.

## LEADERSHIP DEVELOPMENT

Scouting is a laboratory for developing leadership.

Our boys learn this from the beginning of their Troop experience. Lord Baden-Powell, the founder of the scouting movement said that “*Scouting is a Game with a Purpose*”. Leadership is a process of getting things done through people. Our Scouts learn this through direct interactions with Adults, Scout Leaders and most importantly other Scouts.

We help our Scouts learn these skills and then apply them to everyday life so that they can use them for a lifetime of success.

## MOST IMPORTANT IS FUN!

Our scouts cannot wait to “get out there”. Be it orienteering, hiking the Superior Hiking Trail, snow sports, water sports and many other annual activities we always make sure the primary ingredient is fun.
